7.1.4. Water conservation facilities available in the Institution:

INDEX

Sl.No	CONTENT
1	Water conservation policy
2	Audit statement for water conservation facility

1. Water conservation policy

RCEW is zero water discharged in the campus, which means that no waste water is discharged in the open area and all the water is discharged into the municipality sewage lines.

RCEW strives towards developing water conservation and water efficiency through following strategies:

1. Promote water efficiency practices to the institution stake holders
2. Monitor and minimise the institutions water consumption.
3. Regularly reviews oppurtunities to install alternative water systems on campus wherever feasible.
4. Sustain implementation of innovative water-efficient technologies such as rainwater conservation. Campus encourages efforts of students, faculty and staff to implement sustainable water conservation system.
5. The students knowledge regarding the scope and operations of rainwater harvesting and conservation techniques used in our institutions are enhanced through NSS activities.

SANITORY CERTIFICATE

I hereby declare that I have visited **Ravindra College of Engineering for Women** located in Pasupula (v), Nandikotkur Road, Kurnool, found that the campus and the surrounding are conducive for the student and the staff. Each of the several classes are sufficient for the maximum number of pupils. The classrooms are spacious, properly ventilated and kept clean. The latrines and urinals are provided adequately and maintained well. There is sufficient amount of drinking water available in all aspect and the sanitization is found to be good.

TO WHOM SO EVER IT MAY CONCERN

This is to certify that we have verified and gone through Ravindra College of Engineering for Women, Kurnool. A proper sewage disposal system has been put in place along with good barrier free environment. All weather approach road has been laid across the campus and also toilets have been created for physically challenged people in the campus.
